Threat Protect completes acquisition of Apollo Security businesses

Threat Protect Australia Limited (“**Threat Protect**” or the “**Company**”) (ASX:“**TPS**”) is pleased to announce it has completed the acquisition of Apollo Security Pty Ltd’s Grade One Security and Queensland Security Rangers (“**Apollo Businesses**”).

Acquisition of the Apollo Businesses enhances Threat Protect’s national presence, adding a control room in Sydney and security monitoring across approximately 250 resellers servicing over 16,000 residential and commercial customers in New South Wales and Queensland.

Completion of the transaction marks a step change in scale of operations for the Company, is expected to be immediately earnings per share accretive, and to positively contribute to the Company’s 2H 2017 earnings.

The agreed acquisition price of approximately \$6.0 million comprises:

- \$3.55 million in cash has now been transferred (\$3.7 million less \$150,000 option fee already paid) as the first tranche payment of the Acquisition; and
- The balance to be paid 12 months post completion subject to a “true-up” of the Acquisition purchase price.

The acquisition will be fully funded by the Company’s acquisition funding facility with First Samuel Limited, announced in November 2016. The Company has recently issued 4.5 million Convertible Notes to First Samuel Limited to fund the first tranche of the acquisition. The conversion of the Convertible Notes into shares will be subject to approval by the Company’s shareholders.

Threat Protect’s Managing Director Demetrios Pynes commented, “The Apollo acquisition significantly advances our growth strategy building on our initial entry into New South Wales in 2016, and now with further penetration in that market and entry into Queensland.”

“While retaining focus on our existing operations, we will continue to pursue various acquisition opportunities in a disciplined manner where they make strategic sense and add value” Mr Pynes said.
